**DIPLOMATES  
of the  
SOCIETY OF AUSTRALIAN  
GENEALOGISTS**

Available for Private Commissions.

As at November 2007

\*\*\*\*\*

While the Society recognises the academic standing of its Diploma in Family Historical Studies as qualifying people to competently undertake genealogical research, the Society does not in any way indicate its view upon the commercial activities of the Diploma holder. It should be understood that arrangements made between the enquirer and the agent are purely a private matter between themselves and the agent.

The fees charged by professional genealogists vary considerably, depending on the nature of the work and the reputation of the agent. It is suggested that estimates for any proposed work should be obtained by the enquirer from the genealogist in question before work commences. It is also recommended that initial contact be made in writing, clearly stating the work required (and enclosing a stamped S.A.E for a reply) so that a considered estimate of costs can be given.

All Diplomates whose names appear on this list have indicated that they are currently available for commissions.
